

# MAKE YOUR OWN FESTIVAL BUNTING (WITH TASSELS)

by Magenta Monocle

## THINGS YOU WILL NEED

Scissors | Glue stick | Cardboard boxes  
String | Paper | Felt tips/crayons | Wool  
Decorative bits & bobs - glitter, sequins

We have also made templates for the bunting triangles, letters and stars that you can print out to use if you would like to.

## LET'S GET STARTED!

- 1** Cut out cardboard triangles for bunting using the template or draw your own.
- 2** Decorate! Pick a word to send to the world from your window. You can use letters from the printable templates or draw your own and cut them out. Get creative and add decorations - glitter, sequins, crayons, felt pens... whatever creative idea strikes!
- 3** Punch holes in each corner using hole punch or a pen.
- 4** Thread your string or wool through the top edges making sure the letters of your word are in the right order!

## NOW TO MAKE YOUR TASSELS!

**1** Cut out a rectangular piece of card 10cm in length. Then get your ball of wool and cut two pieces that are 30cm long and set these aside.

**2**

Then take the ball of wool - wrap it around the card 40 times.

**3**

Thread one of the 30cm strands through the top loops of wool. Pull the two ends together and tie off. (These ends will be used to attach the tassel to the bunting.)

**4**

Cut through the loops of wool at the bottom of the card.

**5**

Wind the second 30cm strand around the tassel 4 times about 2cm from the top and tie off tightly.

Trim the bottom if you think it needs it.

**6**

Thread your tassels onto the bottom point of each triangle of your bunting.

## FINISHED AND READY TO HANG IN YOUR WINDOW!

# MAGENTA MONOCLE

"I see beauty in discarded objects and materials and love transforming them into things of beauty."

HOPE YOU ENJOYED MAKING YOUR BUNTING  
AND HANGING UP YOUR MESSAGE  
FOR ALL THE WORLD TO SEE!
